Abbot To Observe 116th Birthday With Bazaar for War Relief

Abbot's One Hundred and Sixteenth Birthday Celebration will be held on Saturday afternoon, rain or shine, and if V-E Day should have come in the meantime, it is expected that the success of the Bazaar for war relief will be greatly increased. Surely it would be an appropriate way for the town of Andover to express its thankfulness for the cessation of hostilities in Europe to patronize Abbot's attempt to raise funds for the benefit of war sufferers.

Entrance to the grounds will be by the three gates on School Street only. They will be open at 2:30 P. M., and admission will be 25c for adults and 10c for children under 12.

Exhibitions of student work in art, homemaking, and other departments will be on display in Abbot Hall. Early in the afternoon members of the Preparatory Class will entertain the guests with Cowboy Dancing, and some of the Senior Tumbling Class will give a "Trained Dog Show" on the Circle.

The Tea Room this year is to be called "The Flying T." The school dining room will represent a large city airport, the waitresses will be dressed as hostesses on an

No Wage Statement Released To Public

The Board of Public Works on Monday evening adopted a formal statement concerning the recent post-town meeting surprise wage increase, but instead of releasing the statement with the reasons to the public, the Board sent it to Joseph A. McCarthy, president of the Andover Taxpayers' Association. The directors of the Association will meet during the coming week to discuss the statement and in all probability the Association will release it after that meeting.

Chairman Sidney P. White asserted that the statement was now the Association's to do with what they wished. He said it was signed by all the members of the Board. In the meantime, the expected

Miss Tedda Whalen, close friend of the bride and her only attendant, wore a gown of delf blue starched chiffon, and carried a muf of rose lace and stephanotis. Captain Edward Pleasant, U. S. A. A. F., of Turners Falls was best man.

The bride's mother wore a gown of black sheer with rose accessories and a corsage of talisman roses, while the bridegroom's mother wore a gown of aqua with black accessories, and a corsage of talisman roses.

A reception was held at the November Club following the ceremony, after which the couple left for Atlantic City on their wedding trip.

Davis—Crocket

Miss Bernice Crocket was united in marriage with Sgt. Richard M. Davis of the U. S. Marine Corps, at an impressive military wedding held Saturday night in Christ church. Rev. John S. Moses officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. Robert Crocket of The Cedars, South Main street. She graduated from Punchard High school and later attended a finishing school in Boston. The groom is the son of Mr. and Mrs. Willard H. Davis, Foster's Pond, and also

Mrs. Barbara MacLachlan was matron of honor, and the bridesmaids were Mrs. E. R. Anderson of Wrentham and Mrs. Spencer Olson of Lynn.

Best man for the groom was Lt. William Pomeroy, U. S. M. C., of Foster's Pond, and two friends of Sgt. Davis who were with him in the South Pacific were ushers.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Casualty List

Wounded

Pvt. 1/c Frank Lamontagne, son of Treffe Lamontagne of Beacon street, was wounded in Germany late in March. He was serving with the Ninth Army. He has been awarded the Purple Heart for his wounds. He entered the service in September, 1944, and received his basic training at Camp Fannin, Texas. He was formerly employed by Roger H. Lewis. He has five brothers serving in the Armed Forces. A sixth brother has received a medical discharge.

Missing

Lieutenant Gilbert Hamlin, 20, son of Mr. and Mrs. Gilbert Hamlin is reported missing over Germany after making 41 missions. Lt. Hamlin has been overseas since October and was a P-47 fighter-plane pilot. He trained at Maxwell Field, Ala., and received his commission and wings at the Advanced Single Engine Pilot School, Spence Field, Ga. He also trained at Dothan, Ala. and was stationed there for about a year as an instructor.

Pfc. Arthur F. Manock, son of Mr. and Mrs. George Manock writes that his Marine division took part in the invasion of Okinawa on Easter Sunday. He says it's an interesting place, with civilian huts made of cane and stalk, and the women all carry loads on their heads with their babies strapped to their backs.

With the 80th Infantry Division in Luxembourg: Capt. Thomas C. Mason has been awarded the Bronze Star for heroic achievement in Luxembourg on the 24th of December, 1944, in connection with military operations against an enemy of the United States. "As Liaison officer with an infantry battalion Captain Mason performed his duties in a superior manner. On one occasion on December 24th, the unit he served was assaulted and temporarily isolated by the enemy. Despite heavy enemy fire Captain Mason directed and controlled his forward observers and regulated artillery fire in such a manner that it was largely responsible for repelling the enemy. The courage, initiative and zealous devotion to duty displayed by Captain Mason exemplify the finest traditions of the Armed Forces of the United States." His wife, Lucia M. Mason now resides on Sunset Rock Road.

Kathleen Valentine, the third member of her family to join the armed forces, recently enlisted in the SPARs. A daughter of Mr. and Mrs. Charles Valentine of 218 North Main street, she is now taking "boot training" at Manhattan Beach. Upon graduation, Seaman Valentine will relieve a Guardsman for active sea duty by taking over his shore job. She is a graduate of Pynchard High school. Her brother, Charles, gave his life while serving with the Seabees. Another brother, Edward, is an A.M.M. 2/c in the Navy.

The following is an excerpt from a letter sent to us by James (Rusty) Benvie, B.M. 2/c: "My pride in Andover is a source of amusement to a lot of the fellows here who come from the large cities across the country. If they could only know Andover as I do, they would never be happy living in a place like Chicago or New York or even some of the West Coast cities. I have shown the Andover Servicemen's Fund Assn. birthday card to some of the fellows aboard here, and their first remark upon seeing the picture of Pynchard is, 'Where's the rest of it.' The size of the school is especially surprising to the fellows of around my own age who have heard of her sports teams. By this I mean the fellows from Massachusetts and parts of New Hampshire. Let's hope that it will always be a school of whose sport teams the town can be proud. Good luck to the men and women of Andover, both those in uniform and those back home who never forget their servicemen and women."

Ruth Armitage, daughter of Mr. and Mrs. C. H. Armitage, 123 Haverhill street, has arrived in India to serve the armed forces as an American Red Cross staff assistant. Until her Red Cross appointment, Miss Armitage taught at Middleboro High School and previously at Burrard Burton Seminary, Manchester, Vt. She is a graduate of Pynchard High School and Cornell University, A.B. 1941.

S/Sgt. Charles W. Johnston is a section chief of the 339th Field Artillery Battalion with the Fifth Army in Italy, which has been pouring steel into German targets in Italy's Po Valley since last October 31st.

Lieutenant Commander Winsor Gale, formerly stationed at Key West, Florida has been transferred to the Pacific Area.

Patrick Blasonnette, of 38 Juliette street, recently answered the Coast Guard's call for seventeen-year-old recruits. He was sworn in at their 29 India St., Boston recruiting office, then left for "boot training" at Manhattan Beach. A graduate of Pynchard High school, he was a member of the glee club and business manager of the year book. He was employed by the Townsman Press.

Donald Cole, son of the Arthur Coles of High street, has been promoted to the rank of Lieutenant (j.g.) in the U. S. Navy. On Sunday evening Mr. and Mrs. Cole received a phone call from their son who was enjoying a six-day leave in San Francisco while awaiting further orders.

Private John Lord, Army Air Corps, has just completed his training as a radio operator at the Army Air School in Sioux Falls, S. D. He returned on Sunday to Sioux Falls for further orders after enjoying a fifteen-day furlough at the family home on Summer street.

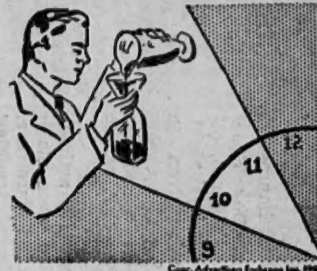

Private Frederick R. Yancey, son of Mrs. Anna A. Yancy, 6 Central street, is now in France assisting in rushing vitally-needed bombs and ordnance equipment to front-line airstrips with a crack outfit of the Central Air Depot Area of the Air Service Command. The unit to which he is assigned is the principal supply agency for the Ninth Air Force, the First Tactical Air Force and the First Allied Airborne Army. Fred entered the Army Air Forces on October 1, 1942 and has now been over-seas 21 months.

He also spoke on Russia's relations with China, stating that Russia could never take over China, even if she did wish to do so, as it would create another world war immediately. Mr. Robinson also mentioned the accomplishments of the Christian missionaries in China and the good work they are doing. He said the Chinese people are very much interested in education, the illiteracy now being down to about 80 per cent.

It's OUR Business

The disinclination of the Board of Public Works to let the public in on the reasons for the drastic post-town-meeting wage increase can do nothing but lend further support to the mounting feeling on the part of the voters that the Board has a "public-be-damned" attitude. Last week it was stated that they would have a statement for publication; this week the statement was written, and signed, but released only to the few directors of the Taxpayers' Association who attended the recent board meeting. It wasn't available for publication, we were told, unless the directors of the association decide to do so; they will probably do this, because at least they realize that the public has an interest in such matters.

The directors of the association went to the Board because the budget as presented to the directors before town meeting had no provision for an increase. The budget as presented to the finance committee had no such provision. The budget as presented to the town meeting had no such provision. Then, having led the direct-

ors, the finance committee and the public to believe that there would be no increase, the Board had a very definite moral obligation to take all three into its confidence before it went ahead with this move. It looks now as if this Board feels that it's none of the public's business; it looks as if the Board of Public Works is giving the public the works.

How it happened can only be surmised now. Apparently pressure was exerted by some of the laborers, and the Board yielded to the pressure, preferring to incur the wrath of the public rather than the wrath of the help. Now the directors of the Taxpayers' Association have intervened in the interests of their members and the taxpayers of Andover. They are men who saw their duty; they are men who have the vision and the courage to keep in mind that their allegiance is to the many and not to the few. They are men who won't let the public down. Andover was glad to see them step in to this picture, and Andover is looking forward to the results of their survey and deliberations.

B. P. W.

(Continued From Page 1)

reverberations from other town departments have begun to take place. Already the Tree Department has increased its wage scale in order to keep the laborers in that Department on a par with the Public Works men. No definite action has been taken by the Cemetery trustees according to Chairman Frank Petty. That Board has met with the Selectmen, and will probably take some action within a week or so. If it is possible to squeeze a raise out of the Cemetery budget, the trustees will very probably do so in order to maintain the new level set by the Public Works Board.

Nothing definite has been done by any other Department so far as is known at present. However, it is understood that pretty generally the employees of every other department feel that if the unskilled laborers should have such a tremendous boost there is no reason why policemen, firemen, teachers, etc., shouldn't have an increase also. There has been some talk of a special Town Meeting on the subject but it is understood that the selectmen are not in favor of this.

In addition to the differential on unskilled labor, the recent action of the Department of Public

Works has created an unfortunate situation in the matter of clerical hire, since some of the clerks in the lower Town Hall offices who are better equipped than the Public Works clerical help are now getting proportionately less.

The increase in the Tree Department wages also necessitated an increase in Tree Warden Abbott's salary. The Town Meeting had set his salary at \$40.50 per week. A state law makes it mandatory that the salary of elective officials be set by the Town Meeting, and another State Law gives the selectmen the power to set the Tree Warden's salary. After having had an interpretation of these two conflicting statutes from the State House, the selectmen granted Mr. Abbott an increase to \$45.00 as a compromise on his request for \$48.00. It is, of course, necessary to keep within the Town Meeting budget.

THE FOOD BUSINESS NEEDS AN UMPIRE

The distribution of food during the war is under the control of the W. F. A. and the O. P. A. They are just like the major league ball teams playing the game in the same field. Both these teams have made grave errors in enforcing their rules and each team has accused the other of being the cause of the errors. As a result both the food dealers and the consumers have suffered. It is time we asked for an UMPIRE to make these two teams play the game fairly. An UMPIRE who will call a strike when it is a strike — will call a man out when he is out — and bench any cock-eyed official who stands too much on his dignity and won't admit his error. Give us such a man and the black market which is sweeping over our country will cease in less than thirty days.

Yes, we need such an UMPIRE.

THIS IS BE-KIND-TO-THE METER-READER WEEK!

If ever a man deserved a break, it's your hard-working meter reader! This week — and EVERY week — the best way you can help him is to follow these suggestions:

DON'T

let your dog bite the meter reader . . . tell Fido what a great guy my fellow-worker is. I'll tell my meterman all the good points about Fido.

DON'T

hide your meter behind boxes, rubbish or things stored in the basement. Don't obscure meter with shrubbery if it's outside.

DON'T

baffle the meter reader by barricading the doors when he's expected. Arrange to admit him when he calls. Right now he can't make return trips.

DON'T

forget the meter reader plays an important part in our friendly service. And now, with so many of his buddies in the armed forces, he's working extra hard!

Ten-Year-Old Hurt In Automobile Crash

An accident which occurred last Sunday night at Chestnut and Bartlet streets resulted in the hospitalization of Judith Nowell, 63 Chestnut street, and a general shaking up of the rest of her family. The ten-year-old girl was taken to the Lawrence General hospital for observation, after the machine in which she was riding was struck on the right rear wheel by another car, driven by Francis Robertson, 17, 54 Morton street. The Nowell car, driven by the girl's father Frederick Nowell, was spun around by the impact and glanced off a tree.

Also in the car at the time of the accident were her mother and two brothers, David, eight and Allen five. Her sister, Audrey, 17, was in the front seat with her father.

Officer Frank McBride investigated.

It is hoped that the sun will shine upon this worthy venture, but in the event of rain the entire program will take place indoors.

The Reverend Sidney Lovell, D.D., Chaplain of Yale University, will speak at the vesper service on Sunday at 7:30 o'clock.
